# Business Of The Week

## Interior Concepts

Our Business of the Week are your Go To Gals for Design and Decor, and your local Hunter Douglas blinds dealer, Interior Concepts, located at 137 Thames Road E, Building D in Exeter and owned by Sandra Rowe.

Rowe has been operating from the Thames Road location since November 2013, but has had a passion for interior design for much longer than that. She's a certified decorating consultant, and had been working out of her home and selling Hunter Douglas blinds for over a decade before starting up her retail and consulting space.

Rowe said they specialize in offering clients down-to-earth, one-on-one attention and providing custom, made-to-order furniture items, such as upholstery, drapes, pillows and area rugs. "If somebody comes in and says they need help and they need this, this and this – We can order product in and have it ready in a couple of days," she

said. "For someone who wants something in particular, we're the people for you. We pride ourselves on customer service."

They also carry a wide range of other home decorating items including lamps, bedding and art work. One item she's excited about is their ethanol fire-burning torches, an adaptable source of light for the outdoors, indoors and even for wall-hung lamps.

Another special on right now, Rowe said, is their battery-operated motorized Hunter-Douglas PowerView blinds. "If you buy four blinds from the "Ettes" collection, you get a free iPad mini," she said. "That's available until Dec. 18."

Speaking of the Christmas season, Rowe invites customers to join them at their store during the Exeter Skating Club Christmas Home Tour Nov. 6 and 7 for "specials and surprises."

For potential customers, Rowe said she is open to scheduling an appointment at the shop

or in the clients' home so she can "envision" her plans for the space. "Every job and every person is different," she said. "I can accommodate however they want to do it. To do a consultation for blinds, there's no charge for that. I go out, measure their windows, take products out to them, and then give them pricing. Some people need the help and want us to come out for installation, and we'll do that, or they can install it themselves. It's all custom."

Since Rowe is often out and about with clients, she encouraged people who do happen by the store – and its ample parking – but find it empty to contact her by cell at 519-872-8968 (the number is also on the door) or to get in touch online at InteriorConceptsandDesign.ca, or on Facebook.

"We try to be open Wednesday to Saturday, but it can be difficult if I am out seeing people," she said. "If we're not here, call us."

**Straight Line Collision**  
519.228.6114

At Straight Line Collision were pretty pumped as the Jays are still hanging in there! They have been giving us fits but give them credit, they have no quit in them! Winning all 4 games when facing elimination has been outstanding and there is at least two more to go! So much fun! Hockey surprisingly has taken a back seat for now!

Fall has been very busy over here in Centralia. We would like to take this time to remind everyone on our roads to be patient as the farmers are in full harvest! Also as the days get colder the wildlife becomes more active lets rid ourselves of the distractions and pay attention! Group text those closest to you before you put that car in drive (seeing as though everyone needs to be in touch 24-7!) and let them know you will be available later! We have to learn this folks! Also check those tires and be sure you are prepared for winter! You can be sure there were some unnecessary fender benders last weekend when winter came knocking! You wouldn't go outside with bare feet so don't let your car!

Were here for all your auto body needs but wish everyone a safe commute! Until next time, Drive safe!

274 Victoria Drive, Centralia, ON N0M 1K0

## Where Are We?

Can you correctly identify where this picture was taken??

Hint: It is somewhere within our Exeter Examiner coverage area

Answer available on Page 27
